

## **Coaching Report**

It has been a quiet time for various reasons:

- Keen to set up a coaching database has stalled not much support for league representatives from MK or Aylesbury.
- Courses are best arranged once the Super League has finished and before it starts again in January. The opportunity to get assistance with courses is limited. This is being looked into now Maverick and Surrey Storm have been approached also.
- Escalating costs – best to do few quality courses than lots of smaller ones.
- LEAP are still funding a lot of activities which in turn saves us money for other things.
- A few applications have been accepted for funding during the year – would like to see more applications and ideas for courses coming through.
- Would like to work closer with our NDO.
- The report from Sach will contain more detail about NB Academies and general around activities during season.
- Planned events
  - Master Class Session
  - Coaching Workshops
  - Make The Game (key points)
  - Guest Players – motivational talks
  - Quarterly Coaching Forum
