AOB

A discussion followed on from a question posed to the Performance Lead - SG - on the purpose of the academies given that they are the biggest expense for the county. It was reiterated that the academies are in place due to the agreement the county has with England netball. As a county we are working hard to ensure that the athletes become the best they can be, be it England players or club or regional or Premier club players.

Sarah from All Blacks gave details of the LEAP awards which will be held at Waterside. Nominations close on 17th August. Would be great for everyone to get involved and see more netball winners this year.
